Subject: Records Request - Salt Dome Flooding Weeks Island

Hi Deanna:

Thank you again for calling me back.

In follow to our phone conversation, I would like to make my request in accordance with the Freedom of Information Act to obtain copies of the records pertaining to the Department of Energy, Strategic Petroleum Reserve's flooding of the salt dome located in Weeks Island, Louisiana. The flooding occurred in the mid 1990's. I am particularly interested in any information pertaining to the cost of the flooding project as well as any information and analyses (including cost analyses) regarding the flooding of the salt dome with salt water versus fresh water.

If you need any further information from me to perform your search of the Department of Energy's records, please let me know.

I thank you again for your assistance in this matter and look forward to hearing back from you.

Sincerely,
Remy Donnelly
